

SMU EDUCATIONAL RESEARCH FELLOWSHIP SERIES

**EMPOWERING TEACHING AND
LEARNING: INTEGRATING DISCIPLINE-
SPECIFIC RESEARCH PRIORITIES INTO
EDUCATION RESEARCH****ABOUT THE SHARING**

Join us for a casual lunchtime sharing by our SMU Educational Research Fellow 2022, Assistant Professor of Psychology (Education) Andree Hartanto from SOSS, as he shares insights on connecting disciplinary research with education research.

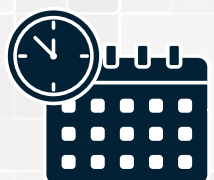

SPEAKER**ANDREE HARTANTO*****ASSISTANT PROFESSOR OF PSYCHOLOGY (EDUCATION)***

Andree Hartanto's research focuses on examining factors that contribute to interindividual variations and intraindividual changes in cognitive, emotional, and physical well-being.

Andree has published more than 80 peer-reviewed articles at top-tier journals such as Cognition, Child Development, Computers & Education, Computers in Human Behavior, Journal of Experimental Psychology: General, Emotion, and Social Science & Medicine. He is recently named as Rising Star by the Association for Psychological Science (APS).

KEY HIGHLIGHTS

- Learn about **SMU's Education Research Strategy**
- Discover the nexus between **teaching, disciplinary research and education research**
- Connect with **like-minded colleagues** who are also interested in education research.
